汽車業品質管理系統認證

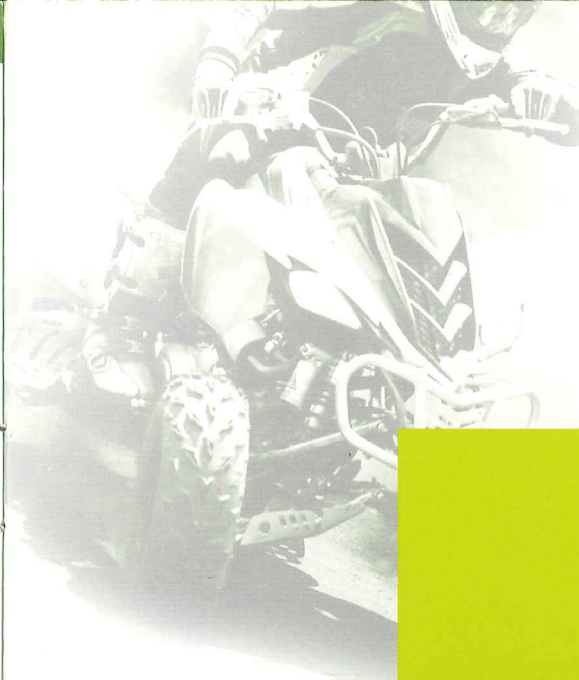

隆固工業創立於1988年，專精於曲軸OEM代工製造，產品涵蓋單缸、多缸及連體曲軸，初期僅以4台機械為基礎，不斷進步精進，拓展至今台灣廠區已擁有4條完整的生產線，近百台的機械投入生產製造。

Lungku Machinery Co. Ltd was established in 1988 and specializes in Original Equipment Manufacturing of crankshafts including 1 to 4 cylinders assemble style and 1 to 3 cylinders single-piece style. The company started the business with four machines and expanded to four comprehensive production lines with approximately one hundred machines after ongoing innovation.

市場拓展需要及市場劃分，分別在1999年創立中國廣東隆固廠及在2009年創立中國四川隆固廠，由這兩廠去負責中國的內需市場與東南亞市場部分，讓台灣廠能更專注在歐美市場的拓展，提高市場競爭力。

Because of market expansion and segmentation, Lungku set up the branches factories in Jiangmen, Guangdong, China in 1999 and in Nanchong, Sichuan, China in 2009. The two branches are responsible for the markets in China and Southeast Asia. The factory in Taiwan focuses on the markets in Europe and America and promotes competitiveness.

經營理念 Business Philosophy

品質至上、客戶滿意、團隊為先
Best Quality, Customer Satisfaction for, Teamwork Priority

品質政策 Quality policy

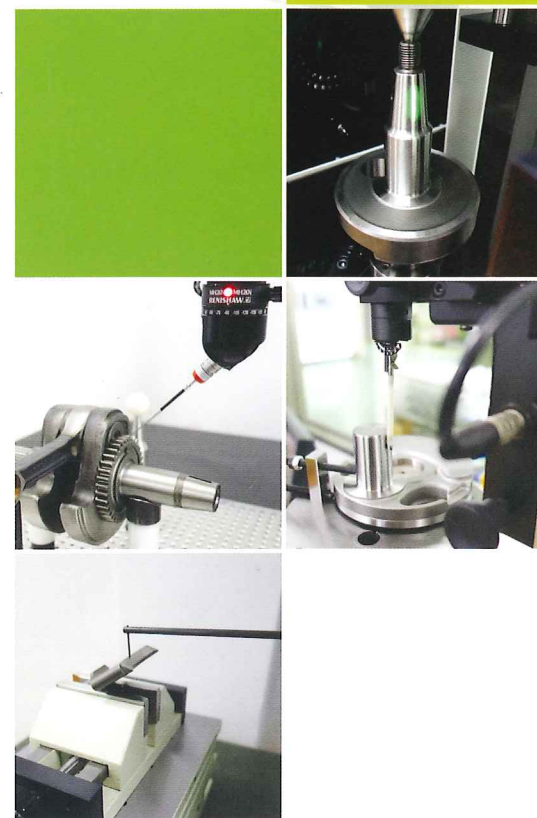

持續改善創造高品質、成本精減提高競爭力
ongoing innovation in high quality and cost effectiveness for manufacture competitiveness

1999年推行通過ISO9000認證，西元2009年通過ISO/TS16949汽車業品質管理系統以維持良好品質控管及客戶要求。

Lungku was ISO 9000 certified in 1999 and ISO/TS 16949 certified in 2009 to keep good quality control of products and to meet the demands of customers.

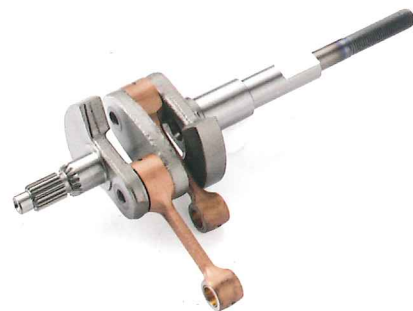

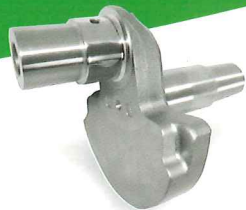

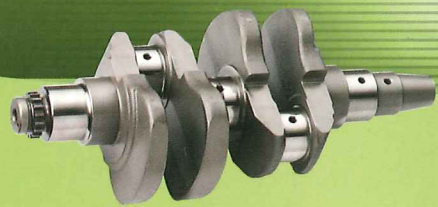

秉持著不斷求新求變，提高市場競爭力，全面電腦化導入ERP管理系統，規劃各部資源成本提升處理效率，並推行5S運動及6 Sigma的概念，提升員工素質以利大幅改善產品之品質，降低生產的成本，構成堅強的競爭力。

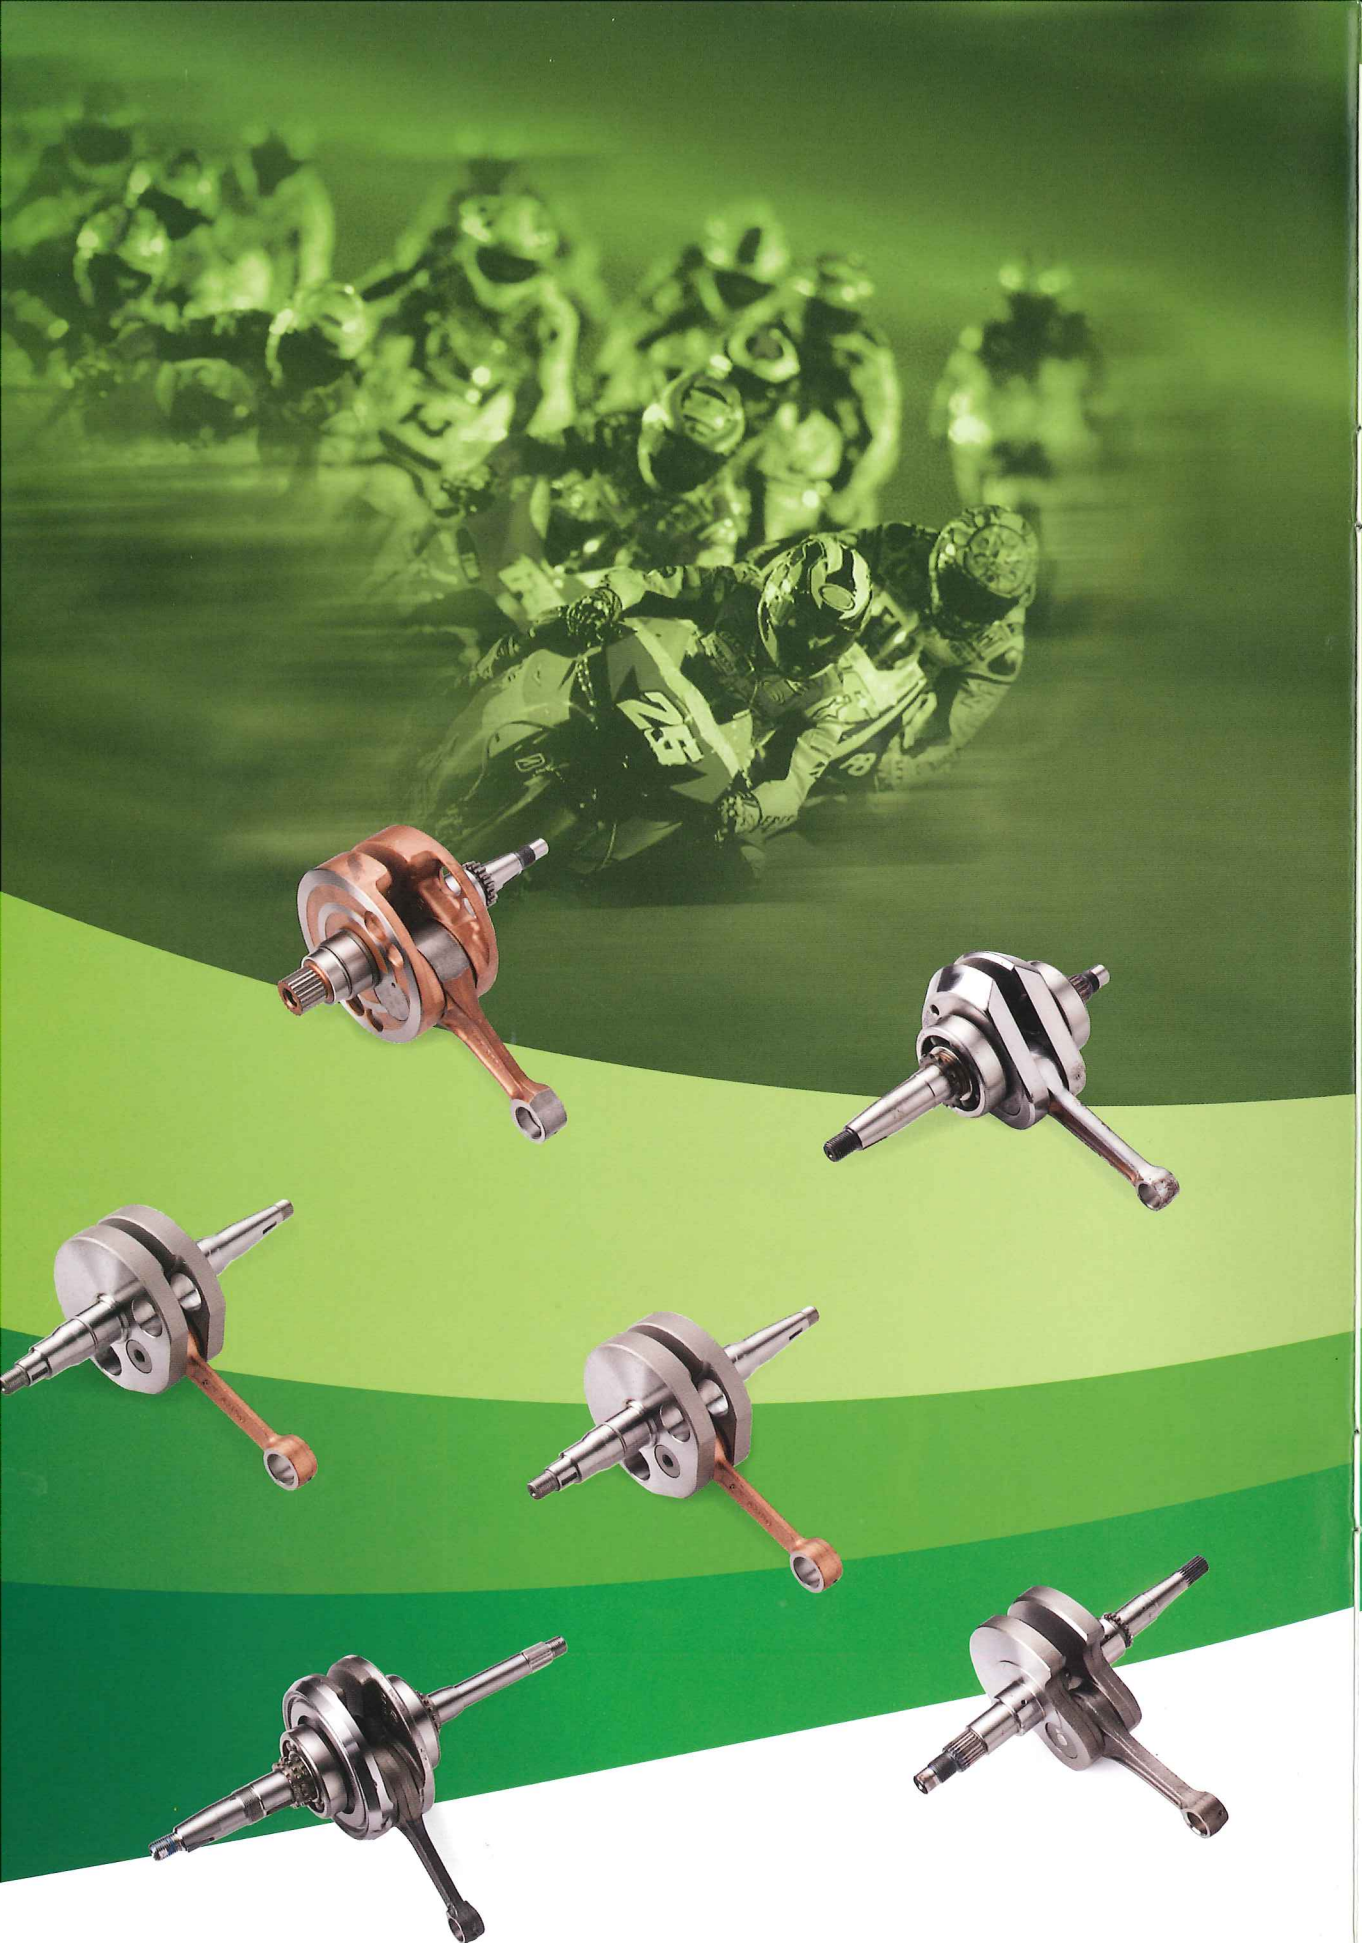

Holding the spirit of continuous innovation and improving competitiveness, Lungku has invested much efforts in the following processes, including implementation of fully computerized ERP system for the management of the resources, cost, and efficiency of each office, practice of 5S Principles in Manufacturing Management and the principal process of Six Sigma, and promotion of staff quality, to improve product quality, reduce the cost, and promote competitiveness.
